

MindBox Upgrades *ARTEnterprise*

*Newest Version of Industry-Leading Decision Software
Speeds Loan Approvals to Eager Online Applicants*

Greenbrae, Calif., July 17, 2006 –MindBox®, a leader in information solutions for automating complex business and decision processes, today released *ARTEnterprise* 10.1.1. The updated version of *ARTEnterprise* includes cutting-edge technology to speed the time it takes to match borrower loan requests against available lender loan packages when applying for online mortgage approval. In addition, MindBox has included a new Web service to give lenders new options for integrating *ARTEnterprise* with their existing applications.

“The latest upgrades to our *ARTEnterprise* product suite are designed to meet the evolving needs of our customers,” said Rich Barfus, President and CEO at MindBox. “By making applications run more efficiently in the production environment, lenders can deliver an automated loan decision or deal proposal back to borrowers faster than ever before.”

MindBox’s performance enhancements in *ARTEnterprise* 10.1.1 include updated pattern matching algorithm to speed processing of pattern net propagation, quicker parsing of XML input and output files to deliver data faster, and enhanced monitoring and analysis performance to let developers better tune applications.

For information about receiving the *ARTEnterprise* 10.1.1 upgrades, call MindBox Technical Support at (888) 650-6463 or e-mail support@mindbox.com.
